Swain Techs awarded multi-million dollar Navy Contract

Ardmore, PA — Swain Techs is pleased to announce that it has signed a multi-million dollar BOA (Basic Ordering Agreement) with the United States Navy that will allow up to a \$3.8 million dollar single source contract.

The initial focus will support the design and development of immersive visual models, simulation systems, and tools, as part of the Automatic Test System Modeling and Simulation Environment (AMASE). Will also provide support to the Virtual Carrier (VCVN) Modeling and Simulation (M&S) IPT and support the commissioning of the Electromagnetic Aircraft Launch System (EMALS).

About Swain Techs

Swain Techs is an award winning 8(a) small business which provides Cyber Security, Model & Simulation, Engineering and Information Management Solutions services with over a decade of experience providing strategic technology solutions. Swain Techs received the 8(a) certification as a minority business with the Federal Government in August, 2011. While 8(a) companies like Swain Techs can receive sole source contracts up to \$4.0M for services, Swain Techs' low overhead, flexibility, client service orientation and streamlined management gives it a decided advantage in competitive situations. Swain Techs recently earned an MSDC certification sponsored by the Fortune 500 companies and was named the 2011 Hispanic Business of the Year award in Philadelphia, PA.

Swain Techs' mission is to consistently deliver unparalleled, flexible, responsive and candid technical and operational innovative support services allowing our clients to meet their immediate and long term goals.
