Swain Techs moves up to 15 on Philly100 fastest growing companies list

Horsham, PA — Swain Techs is pleased to announce that it has ranked number 15 on the Philadelphia 100 fastest growing companies list, marking the third consecutive time the company has been named to the list, and moving up 6 places from its previous ranking in 2014. The Philadelphia 100 List is a merit-based program and includes the top 100 fastest growing private companies in the greater Philadelphia area.

The Philadelphia 100 List was created in 1988 and is currently run by Wharton Small Business Development Center, The Entrepreneurs' Forum of Greater Philadelphia and the Philadelphia Business Journal. Past winners include Urban Outfitters, Forman Mills, and Kremer Laser Eye Center.

Companies are chosen to be on the list by being nominated to the committee that runs the list, and the companies are then ranked according to their percentage increase in sales for the previous three years. Swain Tech had a 266.80% increase in sales from 2012 through 2014.

According to Trujillo, it is thanks to the trust of our clients, employees and business partners that is the driving force behind our continued success.

The Gala Awards Ceremony for the 2015 honorees was held on Wednesday, October 14, 2015 at the Annenberg Center Philadelphia, PA.

About Swain Techs
